## SEVENTEENTH ANNUAL MEETING OF CONTRIBUTORS.

---

*Tuesday, January 7th, 1868.*

---

At a meeting of the contributors to the Hospital of the Protestant Episcopal Church in Philadelphia, held this day, pursuant to the charter, at the office, 708 Walnut Street, Rev. H. J. MORTON, D.D., was called to the Chair, and REV. JOHN A. CHILDS was appointed Secretary.

The Report of the Board of Managers, together with the annual statements and accounts, were then presented; when,

On motion, it was

*Resolved*, That the Report and accompanying documents be referred to the Board of Managers to be published, in part or in whole, at their discretion.

The following gentlemen, having been nominated, were unanimously re-elected members of the Board, to serve for the ensuing three years :

REV. HENRY J. MORTON, D.D.,  
REV. DANIEL S. MILLER,  
CASPAR MORRIS, M.D.,  
GEORGE M. STROUD,  
GEORGE BLIGHT,  
WILLIAM R. LEJEE,  
GEORGE WHITNEY,  
E. F. RIVINUS, M.D.

On motion of Mr. Wm. Welsh,

*Resolved*, That the Managers be requested to inform the Contributors at their Annual Meeting of the number of times the Board has been convened

during the preceeding year, and the number of times each member has attended the meetings.

The following preamble and resolution was offered by Mr. William Welsh, and adopted :

*Whereas*, The Hospital of the Protestant Episcopal Church in Philadelphia, freely extends its benefits to all persons needing surgical or medical aid, "without regard to their creed, color, or country," 6065 having been treated in its Dispensary and 910 in its Wards during the past year—of whom a very small portion were communicants of the Protestant Episeopal Church; therefore

*Resolved*, That the Contributors urge upon the Board of Managers, the necessity of arranging for a more general collection of Funds, in the form of annual subscriptions toward current expenses, and the increase of its permanent endowment, and to promote this desirable end, the Managers are authorized to invite the co-operation of other charitable citizens.

On motion, adjourned.

**HENRY J. MORTON, Chairman.**

**JOHN A. CHILDS, Secretary.**

# THE SIXTEENTH ANNUAL REPORT

## OF THE

# BOARD OF MANAGERS.

THE Managers of the Episcopal Hospital present their 16th Annual Report under a renewed sense of their responsibility to God and in grateful acknowledgment of all his mercies. The work under their charge has prospered during the past year as in years before, many of the sick and suffering have been relieved and cured, many of the distressed and dying have received the consolations of religion, and it is hoped that many souls have been helped to Christ and to a higher life by the Spiritual anxiety which has moved by the side of the care for the bodies of our patients.

From year to year the interest of the Church in our Hospital work may fluctuate. Some special causes may excite it or depress it, but if it ever should seriously or permanently decline, we should be compelled to feel that there had been a decline of Christianity among us.

For there is no department of the Church's labor which

furnishes so easy or so true a test of the condition of the Church's life. It is the satisfaction of our labor at the Hospital, that its fruits are evident before our eyes. The Christian preacher labors on and hopes that he is doing good. The Christian physician sees the good he does at once, and opens the way for his Master's Truth by the evident gift of healing which he brings from the same Master. Somewhat the same relation which our Saviour's miracles of Healing bore to his preaching of the Gospel, does the work of our Hospital bear to the work of our Churches. It asserts the large office of our Religion to be the Reliever of *all* human need, whether of the body or the soul. It opens a way to the needy soul through the relief of the needy body, and it bears witness to the reality and power of Christianity in the sight of many who would not recognize its purely spiritual labors.

With a work so Christ-like in our hands, we cannot but count it a good sign of the Church's health that our hands have been at least as liberally filled this year as heretofore, and we commend the work anew to all who count themselves servants of their Saviour and their fellow men.

First among all the events of the past year we would record the great loss which the Hospital has sustained in the death of one of its earliest and truest friends. Mr. Marshall Hill was one of the managers of the Hospital from its organization, was long the efficient chairman of the Finance Committee, and has left behind him in our Board as everywhere where God permitted him to labor,

a deep and sincere respect for his ability and truth and Christian character. The sympathy and help of such a man, granted to us for so many years, call for great gratitude to God.

Besides the continued interest and liberality of our various Churches, there have been several contributions to the Hospital this year which ought to be acknowledged in our Report. Too late for mention in the last Report, though given within the year then closing, we received the noble gift of \$25,000 from Messrs. Asa Whitney & Sons, the income of which is to be devoted to the current expenses. This most munificent donation has already received the acknowledgment of the Board in a special resolution, but we cannot refrain from expressing our thankfulness to Him who put it into the hearts of liberal men to devise such liberal things, and commending it to the attention and imitation of our wealthy Churchmen.

Another gift of \$5000 from the Philadelphia Contributionship for Insurance of houses from loss by fire, which is to be an endowment for two Beds for Firemen, is gratefully recorded, and suggests the hope that other companies, having the same interest in our hospital work may see the fitness of such appropriations.

The Library has been increased by donations from Mrs. Palmer, and from the library of the late Dr. Caspar Wistar Pennock. A very valuable and useful commencement of a Pathological collection has also been made in connection with the Hospital.

Special contributions have been received from individuals and from some of our Churches, to furnish a children's ward. Such special provision for young sufferers with their peculiar needs, has always been contemplated by the Hospital, and it will be a great blessing when we can establish it upon a liberal scale. It would seem as if there were hardly any cause that could be so fittingly or effectively brought before our Sunday Schools.

The managers have felt a great interest in the effort which some earnest friends of the Hospital are making to secure an endowment of \$30,000 for the relief of incurables, and persons who can be expected to derive advantage only from prolonged nursing and medical care. At present the residence of every patient in the Hospital has to be limited. There is scarcely any provision made in our public hospitals for the sick, who with little or no hope of cure, need for their daily comfort and to prolong their life, the most skilful attendance and the tenderest care. It seems to be specially the place of a Christian Hospital like ours to provide for these poor hopeless people: but with our present endowments it cannot be done. It must be a special voluntary effort, and the appeal of those who have the proposed endowment in hand is earnestly commended to our people.

In connection with this matter may be mentioned a change in the arrangements of the Hospital, which secures more fully the purposes of one of our endowments. The "Hannah Ward" for consumptive patients, supported by the bequest of Miss Grasby, has hitherto been on the

third floor of the west wing. Early this year the managers instructed the Building Committee to fit up for that purpose the large room on the second floor front of the main building. This room has now for several months been occupied as the Hannah Ward. The patients on this foundation enjoy now all the comforts which their benefactress desired to bestow upon them.

The whole subject of volunteer nursing and visiting by Christian women in our Hospital, has always been prominent first, in the mind of Bishop Potter and also in the deliberations of our Board. It has been thoroughly considered, and the plan matured within the last year is believed to secure the best advantages of this very desirable form of Christian labor. The whole nursing in the Hospital is by this plan placed in charge of one lady, who acts as the deputy of the matron. Under her are other ladies, one for each ward for its special supervision, and under the direction of these supervisors there is a sufficient number of nurses and assistant nurses in each ward to keep it in order and attend to its patients. For all these positions volunteer nurses are preferred to paid nurses whenever suitable persons offer themselves. The system works well. It gives a character to the Hospital which is felt at once by every patient. It secures most skilful attendance, inspired and regulated by the kindest Christian sympathy, and makes the Hospital a blessing not merely to the sick but to those who help the sick within its walls. Miss Hannah Davis is the present General Superintendent of the wards.

Last year's Report gave an account of the formation of the Bishop Potter Memorial House for the training of Christian women for Christian work. The institution was formally opened on the 11th of June, and is now in successful operation. Some of its inmates have already gone forth to the work for which they were trained. Others are now rendering good service in the wards of the Hospital and among the dispensary patients. New applicants for the advantages of the House are coming in, and there is every reason to think that the fullest hopes of the projectors of this Institution will in time be realized.

Around the Hospital, as the population of this part of the city has increased, there has grown up a great need for some religious and missionary effort. The population is more or less brought into connection with the Hospital through the dispensary and otherwise. The work of their religious instruction has been undertaken to some extent by Sunday Schools and Chapel Services connected with the Hospital, and the labors of the Chaplain and those who have worked with him have been strikingly successful.

The work of the Building Committee for the year has been confined to the filling up and grading of the grounds in the rear of the Hospital. They await the settling during the Winter, and will be in readiness in the Spring for cultivation. What we need most of all is, that the Church should put into the hands of this Committee the means to go on and finish the Hospital by the building of the Eastern wing. Our work cannot be perfect either

in plan or extent, till we have that. At present, male and female patients occupy different stories of the one completed wing. They ought to have separate buildings. The Hospital is designed upon a large scale. It suffers from the very largeness of its design every day until it is completed. We earnestly trust that it may not be long before the wisdom and liberal thought of our noble Founder shall be vindicated by the sympathy and liberal action of the Church.

These are the principal points which call for mention in this general Report of the year's work at the Hospital. The Reports of the Treasurer, of the Physicians and of the Superintendent will give the details of their several Departments and indicate the present condition of the Institution. They show continued prosperity, but they show also how very much remains to be done. With our building completed, with sufficient endowments to insure us against any chance of failure, with a large and enthusiastic comprehension of our labor in all our churches showing itself in generous parish and individual contributions, the Hospital might bear a noble witness for Christ and be a blessing to the bodies and souls of Christ's brethren in a way of its own, which it is not possible for all our Churches without it to supply. We have the faith to hope for all of this. We ask the people of our Diocese to fill our hands that all this may be done. It is not right that the end of every year should find us anxious about a deficiency even in the funds for continuing our ordinary operations, and therefore, with deep

gratitude to God for all the past, we pray him for a larger future, for his Spirit of wisdom to be given anew to us on whom the responsibility of guiding the Hospital is laid, and for his own love and pity for the poor and suffering to be bestowed abundantly on those on whom it must depend for its support.

## CHAPLAIN'S REPORT.

---

TO THE RT. REV. WM. BACON STEVENS, D.D.,  
*Bishop of the Diocese of Pennsylvania.*

*Report of the Chaplain of the Hospital of the Protestant Episcopal Church, for the year ending January 1st, 1868.*

---

For the past year the daily services of the Hospital have been maintained as follows, viz. :

In the various Hospital Wards, every morning in the year, except three; numbering in the aggregate about 1800.

In the Chapel, every week-day afternoon, with two exceptions.

Upon these excepted occasions the Chaplain was prevented in these duties by sickness or by family affliction.

On Sundays, addresses were delivered, in addition to the Morning Services, in the Wards, and a service and sermon were given both morning and afternoon in the Chapel. The Morning Service and sermon were read upon these occasions by Mr. J. M. Turner, a candidate for Holy Orders, except on Communion days, when Mr. Turner performed the ward services.

During Lent a lecture was delivered every Wednesday evening in the Chapel.

*Baptisms.*—Adults, 14 (seven of whom were patients); infants, 34; total, 48.

*Confirmed.*—35 (nine of whom were patients).

*Marriages.*—5.

*Burials.*—41 (twenty-three of whom were patients).

*Communicants.*—Added, new, 36 (thirteen of whom were patients); by removal, 9; total 45; died, 9; removed, 4; present number, 93.

Some of the additions reported new, were of patients who died or removed in the interval between the two last confirmations, but who had been admitted to Holy Communion according to

the rubric. Several patients who were baptized, died before they had participated.

*Holy Communion* was administered, at Chapel service, 13 times; at ward Service, 11 times; and three times privately.

*Bible Classes*—(*Mission*)—Male, 92; Young Men's, 19; Female, 23; Misses, 33; Youths, 20; under the care of three teachers.

*Patients' Classes* have not been maintained with the regularity of previous years.

*Sunday School*.—Main School, 14 teachers, and 190 pupils; infant, two teachers, and 150 pupils.

*Mothers' Meeting*—Numbers 60.

*Sewing School*.—On the roll, 250; average attendance, 90.

*Night School*—35.

*Collections in Chapel*—Thanksgiving, \$110 34; other occasions, \$244 43; total \$354 77.

The Bible Classes have also made contributions to Missions.

The Chaplain continues to be greatly indebted for the constant assistance of the Ladies, both the Visitors and the Residents of the Memorial House, in their various spheres, and especially for the valuable assistance of Mr. Turner, on Sundays, principally in the Sunday School which he superintends, and at the Sunday Morning service in Chapel, which he conducts, as above stated, as lay-reader.

Attendance on the Chapel Services, on Sundays, has considerably increased in the last year.

Respectfully submitted,

J. RUDDEROW, *Chaplain*.

DECEMBER 31, 1867.

## REPORT OF CASES TREATED IN 1867.

---

During the year, eight hundred and fifteen patients have been admitted. At the date of last report, ninety-five were in the Hospital. The whole number treated during the year, is thus nine hundred and ten (910).

Six thousand and sixty-five patients have been treated at the Dispensary during the year.

*SPECIAL DONATIONS ARE RESPECT-  
FULLY SOLICITED.*

1st, For Coal, of which several hundred tons are needed every year.

2d, For Books, for the General Library of the Hospital, for the use of the Patients.

3d, For the Library connected with the Medical Department.

4th, For the Museum and Pathological Cabinet, under the care of H. M. Howe, M.D., the Curator.

And as one of the Rubrics of the Book of Common Prayer directs that "man should often be put in remembrance to take order for the settling of their temporal estates whilst they are in health," I append the form of a devise or bequest to the Hospital, with the earnest hope that it may incite many to their duty, and find a place in the last wills and testament of those who desire that when "they may rest from their labors," their "work" may "follow them."

WM. BACON STEVENS,  
*President of the Board.*

---

I give, devise and bequeath, to "the Hos-  
pital of the Protestant Episcopal Church in  
Philadelphia,"
